Yell With Us!

The CHS football cheer squad always greets the opposing team with a positive attitude. Whether the game is home or away, the girls always have a smile on their face when approaching the opponents for the hello cheer. Before every game, the Lady Buccs make a trip to the other side of the field to introduce themselves with a hello cheer.

POM-POMS

In order to show off their pep, the CHS cheerleaders clap, stomp, jump, and of course swish their pom-poms! During every football game, the girls are required to cheer with their poms for at least two quarters.

BOWS

One of the most important things about being a cheerleader is looking your best. From the uniform, to the white socks and shoes, and of course the big bows to top off the look. Most of the bows that the CHS cheerleaders wear are homemade by the coach, Gretchen Schmidt.

Winter Division

Small SCHOOL,

The Junior class officers pose for a picture

during a homeroom meeting. During the winter, the juniors are responsible for holding meetings in order to prepare for both Prom and After Prom.

Lone Senior Jordan Maschino led the Covington boys basketball team to a 10-13 record on the season, and the Buccs first tournament win in ten years.

Led by five seniors, the Lady Buccs finished the season with a 14-8 record,

and a 2nd place finish in the CCC. The Lady Buccs began the tournament with a win over Bradofrd, followed by a heartbreaking loss to Southeastern.

The 2015-2016 winter sports season was one full of hard work, excitement, and emotion. The student athletes here at Covington, accomplished many great achievements throughout the season. These include: The boys basketball team winning its first tournament game in a decade. The girls basketball team with a runner-up finish in CCC. Lastly, the Buccs' wrestling team won its 14th straight unofficial league title, and finished as the one of the best teams in Covington history.

Right: Ryan Ford gets his hand raised, just as he has done many times before. Ryan finished his outstanding career with the most wins in Covington history (201). Ryan broke many records while at Covington including: career takedowns, season takedowns, and career wins. Ryan finished as the Buccs' 2nd 3-time state placer. Ryan will be attending Cleveland State University on a full scholarship where he will continue to play the sport he loves.

what's your story?

Senior Jessie Crowell achieved an amazing goal of hers, scoring 1000 points in her high school career. "The feeling was unbelievable," she says, "once I hit that last shot, I couldn't help but smile because I knew, right then, that I had reached one of my biggest goals."

Tournament Rivals

At Covington, we have many rivals, but for the Lady Buccs, two stand out in particular. Bradford and Southeastern. Both of which, they played in the final tournament games. They beat Bradford 54-30, but fell short to Southeastern 32-36.

Double - Doubles

A double-double is when a player gets double digits in both points and rebounds. This year the Lady Buccs Girls' Basketball team achieved a total of 16 Double - Doubles for the 2015 - 2016 season.

The Average Height

As anyone could tell, the Lady Buccs were not blessed with height. With the average height being only . The girls were lead in height by Lillian Hamilton at 5' 11" and Kelsey McReynolds at 5' 10".

what's your story?

Junior Nathan Blei was a true leader for the Buccaneers this year. He showed the team how to play hard and have fun, along with how to play with all he had. Whether he was being the court general and assisting in ball movement or leading the charge on a fast break, you could always see him leading the team as an underclassman.

Tools of the Trade

The basketball holder contains 18 balls. The holder allowed the basketballs to be kept in great shape. They were crucial to the success of the boys, allowing them to practice at their best.

The Real MVP

Jordan Maschino was the only senior on this year's team. He devoted many years of his life to the game he loves, and it showed as he was the emotional and on-court leader of the team this year.

School Spirit

The Covington student section supported the team with 11 games that had a student section with a theme. All of these games had great turn outs, cheering loud and being proud.

"During my last year of high school, I have had one of the best times of my life with this group of guys. They were and are family to me. And being the lone senior and all, it taught me to be a leader to them throughout the hard times we faced. I have so much respect for them because we were a young team. Especially when we came out and battled with some of those MAC (Midwest Athletic Conference) teams. The teams that everyone assumed we would get destroyed by. We came out every game ready to bounce. It sucked when the season came to an end. But I had a fun ride. It was a true family."

Coach Gretchen Schmidt has been the Covington High School Cheerleading coach for many years. "I love the opportunity to coach the girls, they're always too enthusiastic and upbeat," Coach Schmidt comments. Sarah Pond says, "Gretchen is very helpful, positive, and kind! I am definitely going to miss her after I graduate."

Hours of Practice

Just like any other team, our cheerleaders have grueling practices. But one thing that they have to do, that no other team does is tumble. These girls spend 11 hours either at the school or at tumbling for practice every week.

Away Games

Though many people don't think about it, the cheerleaders have to ride to games with the team, and they make the same sacrifices as any other athlete.

Homemade Signs

The Covington Lady Buccs Cheerleaders make over 35 custom made signs to introduce the boys and to help the crowd get involved.

Coach Barbee has been a familiar face around Covington for a long time. Coach Barbee began his career as a wrestling coach at Covington in 1980 and continued until he took a 10 year break from 1989 until 1998. In 1998 he came back to the wrestling program and continues to coach along side Mr. Eric Vanderhorst.

24

RUNNERS

The Covington High School girls track team has 24 diligent runners. Running track takes a lot of practice and patience. From getting up early every morning to practice, to the hot and sweaty track meets in the evenings, it's definitely a sport that takes hard work and dedication.

7

THROWERS

The CHS girls track team has seven powerful throwers. It takes strength, agility and coordination in order to be a successful thrower. While it is different than running, it still takes just as much hard work and practice.

3

HURLDERS

The Covington High School girls track team has three miraculous hurdlers. Being a hurdler means having quintessential coordination and the capability to calculate how many steps to take between hurdles in a matter of seconds.

Sophomore Kelsey Dysinger takes off after her teammate, sophomore Rayna Horner, passes the baton to her during the 200 meter relay.

247

The Lady Buccs softball team usually have no problem scoring. This year alone, they have scored a total of 247 runs.

6

Accidents happen, but probably the funniest accident that happens to our girls is having their bats snap while they're hitting.

Freshman Makenna Gostomsky goes in to courtesy run for her older sister Brooke. Despite the Covington Lady Buccs Softball team being knocked out of the tournament at Districts against Georgetown with a score of 0-2, they had a successful season with only one loss in League play.

Baseball

by the numbers

what's your story?

With two runners in scoring position against Newton, a hard hit line drive to right threatened runs to score in a close game at 5th/3rd field in Dayton, on April 22nd. Senior right fielder Levi Winn sprinted back and made a jumping catch to save two Newton runs. The Buccs would win this game 12-6 in a key league match-up.

Team

Nothing done by a player is just done for that player. It all benefits the whole team. Whether it be a sacrifice bunt, diving for a flyball, or hitting a ground ball to advance a runner. It all helps the team.

Steps

In order to get a good jump on base, a good lead is essential. It is necessary to find the right amount of room needed to either steal, or get back to the base.

Positions

Each position is no less important than the other. Each player has a role in the defense of the Buccaneer Baseball team in 2016.

The Buccaneer baseball team has been led by four, three year letter winning seniors Noah Thomas, James Grilliot, Levi Winn, and Jared Williams respectively. These seniors, along with others, led the Buccs to a successful season, and all had great careers.

Leadership

WINNING

Senior Division

Small SQUAD,

The Senior class of 2016 join together in the gym for a group picture while sporting their awesome senior t-shirts!

Right to Left: Erin Olson, Sarah Pond, Brooke Gostomsky, Lydia Millhouse, and Carly Shell squeeze together for a quick picture on the school bus.

Right to Left: Logan Fields, Ryan Ford, and Noah Thomas help carry chairs during the Spaghetti supper in March that raised more than \$2000 for scholarships.

Left to Right: Meghan Parker and Breanna Plessinger work hard on their lap tops at the UVCC.

Danielle Swabb was honored by the Community Blood Center with a scholarship for her submission of a marketing t-shirt. Her design was awarded first place and will be used to encourage other schools to donate blood and save lives.

Big BOND.

Right: Senior football players, cheerleaders and members of the student section squad up in celebration of the big win against Miami East.

The senior class of 2016 is without a doubt one that will never be forgotten. For a group of students as enthusiastic and goofy as this one, they definitely know how to work hard and get stuff done. They are a very athletic, intelligent and talented group of students that have walked the halls of CHS for the past four years and will continue on to be very successful individuals as the future approaches. As a whole, this particular group of seniors is one of the closest classes that this school has ever seen. They like to have fun, act silly, play games, and they definitely know how to keep things interesting.

Go confidently in the direction of your dreams, live the life you've imagined.

Top Right: Callie Barhorst leans in for a kiss with the baby sheep during the senior night basketball game against Anna. Ben Kuether uses his leadership skills at the Elementary School during Red Ribbon Week. Top Left: Mariah Dysinger supports the Lady Buccs at the Arcanum volleyball game. Bottom Right: Karissa Allen and Kristi Romie say cheese as they are getting ready for the homecoming dance. Bottom Left: Noah Thomas, Ryan Ford and Connor Ryan strike a pose in their flimsy attire on senior night. Bottom: Zach Hasting shows off his award after he won National Champ at the National Convention for FFA.

The Communications class works very diligently from the beginning of the year to the very last day of school to make the yearbook. On top of creating this amazing memory book, they are also making the school newspaper and filming for CHS News. The class may not be very big, but together they make an awesome book for Covington High School students and graduates to look back on.
