Silver Tongued Orator

Lulu Loveland Shepherd
Mrs. Lulu Loveland Shepherd of Salt Lake City Utah has been spoken of as the "Silver Tongued Orator of the Rocky Mountains" and has been engaged to speak in this community Monday, July 11th at 9:30 P.M. in the Church of the Brethren, Conover, Ohio giving her great address, "Mormon Temple Society," it will be a most illuminating recital of the inner workings of that mysterious secret society of the Mormon Church.

Mrs. Shepherd has lived for more than a quarter of a century in Salt Lake City Utah and has had an unusual opportunity to know Mormons from the inside out. She is reputed to be one of the most popular and forceful speakers upon the American platform today ranking with the leading orators of the day. She is proving her time and unusual talents to this work under the auspices of the Reform Judah Association.

A most unusual advertising campaign has been conducted by those having the arrangements to hand and it is expected that a large audience will greet Mrs. Shepherd at this occasion.

New Base on Display

W. A. Prentiss, local dealer, is gladly exhibiting the new "Screw Coach, at his display room. There is not one change to the chassis, but quite a number of improvements have been made in the body which make it all the more desirable. The "Screw Coach" has been overhauled personally and procedure so that every control and conviction would make pleasant riding.

And punishment, under Parque-

Luther's plan, which seems justified in this instance, with Mrs. Miller would be of any "miti-
ging circumstances". Deference would be pronounced not as "miti-
ging" but as a "distracting", and result in a lighter sentence being inflicted than if there were no "mitigating circumstances" at all.

The only way to enforce a law, says Parquet, is with the can-

Wisconsin..."When the wisdom of the state of Wisconsin should be in the hands of the people of the state of Wisconsin, it is not likely I would want business, I would about do it. I would understand the value of the people's money as well as the people themselves."

Wheat Production for Five Years

Canada Leads World in Per Acre

Canada has led the United States in wheat production for five years. Canada's record for the five years was: 1933, 3.5; 1934, 3.5; 1935, 3.5; 1936, 3.5; 1937, 3.5. This is a record that has not been equaled by any country. Canada has led the United States in wheat production for five years. Station VOQ, Aboard Polar Ship, Invites Call of Radio Amateurs

Edward Hulser at his short wave transmitting post aboard the "Miriam,"

The radio man and radio amateur alike will find much interest in the report of the experiments and activities of the Polar expedition conducted by the American Geographical Society. At sea and on the ice of the frozen seas in the vicinity of the North Pole, the radio operators will be able to pass messages and news by wireless, and will thus be able to keep in touch with the world.

Stony

"Is that man light? Why, he's so light that whenever you and him for the time he takes two handfuls of it."—Dover, Pa.

Conscience to Blame

It is not because men's consciences are strong that they sin; it is because their consciences are weak—John Street Mill.

Dissaturation

May be small salvation, but there is some distinction between parts and pots—Wall Street Journal.

Famous Jersey Herd, Holding High Production Records, Sets Educational Standards in Dairying

An exceptionally comprehensive educational work to increase the percentage of dairy production in the United States has been made possible by the establishment of the first dairy herd in the United States. The herd has averaged 50% of better than fifteen cows, and the herd has made many better than that. The average production of milk and cream is now over 5000 pounds per year. The herd is the result of a long and careful selection of breeds of Dairy Agriculture College.

And now she is going better than ever. She is the result of a long and careful selection of breeds of Dairy Agriculture College. The herd is the result of a long and careful selection of breeds of Dairy Agriculture College.

Three of Less Sixteen's dams, Edgar, Edna, and Ethel, are living outside the herd, and the herd is in good condition. The herd is being supplied with milk and cream for the benefit of the students.
