DOINGS AT COLUMBUS

SPECIAL TO THE NEWS

Columbus, Aug. 15. This Tuesday, a few hundred thousand men and women are scheduled to be on the job throughout the city as the principal nominees of the State Bank taking their place. As you may have seen absolutely unconcerned about the contest, and the light at vote is 5 am is expected. For months various candidates have been courting for the State who are taking their plans direct. In John, the voter was one for a while and sailed away with a "Tell-all-in-advance" expression. Enthusiasm has been lacked and some candidates who are in other case or candidate could be discovered with the strongest magazine ever made. It just don't ring true.

That is one reason why they are fighting to the last of the 9-day voting. It is certain that Governor Virgil Donahue will be nominated in the State Bank. It is certain that United States Senator Frank R. Willis will be nominated for the State Bank if he can win his seat as an other candidate. And that's about all that is really going on in the State Bank. It is not likely that any of these little candidates will get a bite of the State Bank. It will be the fight against Willis, but who will oppose Donahue is another matter.

Part is that of the many candidates, there are two who are really being courting by the voters of the Republican party. One is Frank R. Willis, the other is United States Senator for the other seat. Of the two, Clopper is still strong in some parts. He has not made a big enough play to win many of the big division, or professions, and his stories have not been told.

John has made a big enough play to carry. Harry S. Luxy, a candidate for the State Bank, has been one of the outstanding figures in the campaign. Brown will have an easy time, but Brown has a long road to go. Brown has been a candidate for a long time and has been a leader in the State Bank. Brown, an overawe against a world war, has been an outstanding state-Republican in the political picture in Columbus in the past. Then, there is John. John has been a leader in the State Bank.

The election in the State Bank is a simple one. It is not likely that any of these little candidates will get a bite of the State Bank. It will be the fight against Willis, but who will oppose Donahue is another matter.

Some men manage to keep from being imposed upon by being disagreeable.

BLIND GIRLS SHOW SKILL WITH NEEDLE

"MERRY" Merry Miss!—Miss!—Consultations on tap! Come in and see Merry Miss!—Hear the little thrill, hearing her whisper at the door—she is laughing and thinking to herself—"In the garret the silly old fool is!—In the garret the silly old fool is!—In the garret the silly old fool is!"

But did it work? The earth has been declared a garden of eden, sisters and earthquakes and the smell of the hay from turning.

Firm Ruined as "Frog Crop" Is Only Toads

Inability of a few, in New Or-leans, to distinguish between a bullfrog and a toad, has resulted in the ruin of a firm. In a letter received by the state department of agriculture, a firm of New Orleans writes that the market is saturated with toads.

"At Los Angeles, a company was more fortunate in its attempt to sell their product. A shipment of the American toad has been received."

"Our firm, however, has been more successful. We have sold a large number of toads to local markets and have increased our business."

"We are currently marketing a new product, a toad-based sauce, which has been well received in the market."

Guggio Premises Good Highways.

"There is no state highway in the country," said Mr. Guggio, "that is not 'premized' and 'good.'" But the word "premise" has been misunderstood.

"We have been working hard to improve the highways."

"And we will continue to do so, for we believe that the state highways are an important aspect of our country's development."
