Pleasant Hill

**Great Magic Show for Chautauqua**

Reported by Mrs. H. M. Marin
Telephones 2 0 4 0

Roy Hoffman moved his family to Pleasant Hill.

Miss Mae Davis was the week-end guest of Miss Gertrude Marin.

H. M. Marin left this morning for Winslow Lake, Indiana, where he will attend the Bible Conference.

Miss Lula Via was operated on at the Memorial Hospital in Piqua this week.

Mr. and Mrs. Chester Cook and children were Sunday guests of Mr. and Mrs. H. L. Howry.

Mr. and Mrs. John Yeant and children, Mr. and Mrs. Leota Frey were Sunday guests at Orchard Island.

Mrs. Albert Thompson who was operated on at the Memorial Hospital in Piqua last week is getting along nicely.

Mr. and Mrs. Walter Pacht and daughter, Miss Maggie were Sunday guests of Mr. and Mrs. M. J. Adams.

Mr. and Mrs. Brown Ontiveros and Mr. and Mrs. J. H. Hugle of Springfield were Sunday guests of Mr. and Mrs. Hoffman.

Mr. and Mrs. Roy Hoffman.

Mr. and Mrs. Fred Reiter and children of Dayton and Mrs. Emma Turner and daughter, Lucille Elizabeth of Covington were Sunday guests of Mr. and Mrs. Hoffman.

Mr. and Mrs. Washington Moore and daughter, Miss Minnie, and Mrs. Johnson of Enville and Miss Mary Moore of Indiana, Ind. were overnight guests of Mrs. Kittle Beller.

Mrs. Nannie Cook and daughter, Catherine of West Milford were Sunday guests of Mr. and Mrs. J. H. Spence.

Mr. and Mrs. M. McCray and son, Marcus of Urbana are spending their summer vacations with Mr. and Mrs. R. B. Myers.

Word was received from "Butt" Myers that their company had reached Edmonton, Canada, on last Friday, as would spend several days there before coming on to Piqua to spend a week here in about two weeks.

The ladies of the Berry Building were entertained at the home of Mr. and Mrs. J. J. Spence on last Thursday evening in honor of their daughter, Katherine Spainhower. Miss Spainhower who was recently married and is living at Elder, was presented by her parents last week. The bride was of the Nemo family. The couple reside in Cincinnati.

VISTE PARTH.

Dr. and Mrs. Floyd Pen and daughter, Miss Helen Louie of El Paso, Texas arrived today, and Mrs. E. A. Ribb and three sons, Mr. Donald and Jack, are expected tomorrow, and will visit their parents, Mr. and Mrs. A. M. Ribb and sister and husband, Mr. and Mrs. G. O. Milkas.

Prof. Ribb and Mrs. Pen were former residents of Covington, both graduates of the Covington High School. Prof. Ribb is a teacher in the College of Education at El Paso.

VISIT IN DAYTON

Mr. and Mrs. J. D. Brown, Mr. and Mrs. T. E. Komor and Mr. and Mrs. George Brink, all of Dayton spent Sunday in Piqua, the mother and father of the bride of Mr. and Mrs. George Brink, were in town on their way to a more extended trip in the East. Mr. and Mrs. George Brink, met at the station, motored to places of special interest in Dayton, visiting Hills and Dales, the Soldiers Home, Fort Park, etc.

HOME COME BACK

Glen Schollmeyer and Ladder Roby have come back from the army yesterday after a very merry motor trip east, where they spent the whole season. They are both ready to acknowledge, however, that there was no place like home!

Tips By Warfield, Whom He Aided, Made Loew's Theatrical Magnate.

By MARCUS LOWE

HAPPY BIRTHDAY TO A MIGHTY MAN

MARCUS LOWE IS TODAY

David Warfield, out of the first fruits of his partnership with Marcus Lowe, is today celebrating his 73rd birthday. His career has been marked by success, and he is one of the most prominent figures in the entertainment industry.

The past 30 years have seen Warfield rise to prominence in the theater business. He started as an actor and eventually became a producer and vaudeville manager.

Warfield's partnership with Marcus Lowe began in 1922, and they quickly became one of the most successful teams in Broadway history. Their partnership lasted until 1930, during which time they produced some of the most successful musicals of the era.

While Warfield is not as famous as his partner, he has been a key figure in the entertainment industry. He continues to work in the business, and his legacy is still felt today.

The.Show Handel Brushes are not only for use when ordinary brushes will not suffice but are a necessity in any household where cleanliness is the keynote of good living, as well as a material aid to the cleaning of any kind of furniture, curtains, and many other articles.

The Show Handel Brushes are available at our store or through the mail. A complete line of sizes and styles is on hand, and delivery can be made promptly. Contact us for more information.

The Nichols family, left to right, front row: Charles F., Blanche and Paul E.; back row: Harvey X. and Ernest F. Approximately 15,000 persons make up the family of The Ohio Bell Telephone Company.

The Nicholls family, left to right, front row: Charles F., Blanche and Paul E. They are the "Nicholls family." However, it is made up of numerous families within the family.

The first numbers by pairs, three and fourteen; brother in the proportion; father, sons and daughters; sisters, sons and daughters.

One of the outstanding instances of this is the Nicholls family, one of Connecticut, with fiveHenderson and a sister, all employed in the plant department.

Another is in the VanValkenburgh family. Father and mother are in "telephone company" in Seattle. Their son, Charles, sets as field operator. One daughter is a toll operator, and a daughter is in the office of the division traffic superintendent at Akron.

The first number of the Nicholls family, born 1915, and they have all been added regularly until 1923 and all have joined the ranks.

COVINGTON, OHIO

SMUGGLING

General Lincoln C. Andrews, chief of federal prohibition enforcement, is going to Washington tonight to put immediate operation into effect against the sale of liquor smuggling in conformity with the secret agreement recently concluded between the United States and Great Britain.

Andrews, who arrived here last night from Europe n the liner France, is expected to inaugurate the greatest drive ever launched by the government in its effort to enforce prohibition. Nine hundred "cover-up men" added to the prohibition army in the last month have been sent back to the states.

Expressing satisfaction with the progress he has made in England, General Andrews said:

"It was 125 per cent successful and the plan or thoroughly to work with the integrity of the law that the English were quick to report that the conditions indicated unlawful practices. The British believe as we do, that this is quite an advanced step in international relations."

QUICK BREAD

In making breads and cakes allow in general 1 to 3 leavens of baking powder for each cup of flour.

In order to get a good result, a great deal of egg white may be used, however, need less egg yolks and sugar. Peppers and spices are not an exception and require no baking powder at all.

Prehistic Barium

Some of the most useful barium compounds are the barium sulfate, and the carbonate. -H. H. H. R. S.

"IMPOSSIBLE BUT IT BECAME THE TRUTH"

Man Arrested in 1861 for Telling People Telephone Would Work

The impossible happened. It was in this wise, but perhaps, it would be better to let the imagination and the fancy play around it. We have been told by some authorities that the telephone was invented in 1861, the story and prove that the impossible really happened. Here is the 1861 newspaper account.

A man about 45 years of age, giving the name of John Cooper Smith, has been arrested in New York for attempting to extort funds from ignorant and suspicious people by exhibiting a device of which, he says, he will convey the voice of the human voice at a distance, when made of metallic wires so that it will be heard as clearly as though it were the original speaker.

"He calls the instrument a "telephone," which is obviously intended to imitate the word "telephone."""

Colleges in Canada in a Chain From Atlantic to Pacific

The really great chain of universities in Canada stretches from the Atlantic to the Pacific. It begins at the University of Toronto, nearest to the Atlantic provinces, and ends at the University of British Columbia, near the Pacific coast. The university in the city of Toronto has about 6,000 students, and is the largest in Canada. It is divided into four faculties: arts, science, engineering, and commerce.

The second largest university in Canada is the University of McGill, in Montreal. It has about 5,000 students, and is noted for its medical school and law school. The university is divided into three faculties: arts, science, and commerce.

The third largest university is the University of Western Ontario, in London. It has about 4,000 students, and is noted for its law school and engineering school. The university is divided into four faculties: arts, science, engineering, and commerce.

The fourth largest university is the University of British Columbia, in Vancouver. It has about 3,000 students, and is noted for its engineering school and law school. The university is divided into three faculties: arts, science, and commerce.

The five largest universities in Canada, in order of size, are the University of Toronto, University of McGill, University of Western Ontario, University of British Columbia, and the University of British Columbia, in Vancouver. The five universities are noted for their law schools, medical schools, and engineering schools.
