$1500 In Prizes and Cash Commissions To Be Given Away

$785 Whippet Coach Heads List of Valuable Awards.—Read Rules Then Get Busy At Once

500,000 Votes

Every contestant who secured 100 new subscribers from non-subscribers. Votes to count toward Automobile and other prizes in the Subscription Contest.

The Stillwater-Valley News today announces the most liberal and attractive circulation campaign ever inaugurated in a large community, and naturally will be welcomed by the "Subscription Club," and will cover this trading territory. The Salesman is authorized to accept only one vote for each subscriber.

Potentially, we are all salesmen, lacking only the one big opportunity to turn this natural gift into profit. You may have lacked the time, the drive, or the know-how in the past, but now, with the high heights of achievement and affluence, the chance exists to turn your natural ability into a profitable career.

Without the existence of one vote—now or later—the Stillwater Valley News offers energetic men and women, and young people in this vicinity, an opportunity to test their abilities in a new profession. Experience is NOT necessary. All that is required is a little well directed energy.

Good For 50,000 Votes

In THE NEWS Salesmanship Campaign when it is accompanied with five test subscriptions. Votes to count toward Automobile and other prizes in the Subscription Campaigns.

VOTES TO BE COUNTED

(ONLY ONE ALLOWED EACH CANDIDATE)

One salesman or saleswoman will be paid the average of $1200.00 a week for his or her efforts during the next six weeks.

THE NEWS sends weekly reports of your work and the work of your colleagues. You will also be given space in the Subscription Campaigns.

While THE NEWS enjoys a wide circulation in this territory, there are always numbers that could be increased by the addition of a thousand or fifteen hundred. With your help, we could reach thousands more.

The art of salesmanship is being exposed by all the leading newspapers today. The Newsmen are being forced to use this method to publish their newspapers in every home in this district and the liberal awards and cash commissions offered are so much of material interest to the many representatives of liberal organizations.

With this end in view we have planned, and today make the announcement of a most liberal campaign in which a $785 Overland Whippet and other prizes will be awarded to ambitious and enterprising men and women. (married or single.)

FIRST SPECIAL VOTE OFFER FOR ONE WEEK

Here is a special vote offer which will count for much when it comes to deciding the Grand Prize Winner at the time. It is absolutely possible to secure as many as 150,000 votes for one single subscription. Read this over carefully and then act accordingly.

Beginning Aug. 17, and closing Friday, Aug. 27, every new subscription for one year or more will count TRIPLE the regular number of votes. Get this into your mind and then act.

THE NEWS—$1 A regular subscription for one year, $5.00 by mail and $2.50 by carrier. $1.00 for 12 copies and $1.25 by car-ler. During the next week only, such subscriptions will actually count 9000 a year by check or mail, 35,000 regular about 50,000. During this period will count 150,000 votes. THESE, think, what each such subscription would mean a 100 per cent. and even double this offer will happen. Now is the time to take advantage of it.

Green and His Band to Return
In all parts of the country, Charles Green has a fine sense of program building. He has a keen eye for what people want and he knows what he has to give just enough of his stuff to make it stick all at the same time, modestly right.

The afternoon and evening concert of this band on the third and fourth week will show several worth-while new arrangements such as "Bayou Over Teal," "Son of the Havana Cane," and "Crescent Moon," and if done by the right artists, their versions will be amongst the most powerful numbers, and the stage in the past year has been so filled with special concert arrangements that efforts are employed to exhaust the interpretation of the number.
