"UNCLE JOE" CANNON PASSES AWAY

Death Came Late This Afternoon To Famous Leader of the House.

WAS PAST 90 YEARS OLD.

Familiar Figure in Politics For Many Long Years.

Danville, Ill., Nov. 12.—"Uncle Joe" Cannon is dead.

The veteran American statesman, who for 48 years was a member of the house of representatives, passed away at his home here today at the age of 90.

Death came quietly, with members of his family by his bed.

With him were his two daughters Mrs. Ernest LeSueur and Miss Helen Cannon.

For the past several days "Uncle Joe" had been failing. He experienced great difficulty in swallowing and while his pulse continued comparatively strong, his general condition was such that members of his family were hurriedly summoned by Dr. Charles E. Wilkinson.

Cannon's death marked the passing of one of America's most brilliant politicians. While speaker of the house, Cannon ruled that body with an iron hand. He was known as "Cear Joe" at times, for the manner in which he held the horse in order.

PAIR ARRESTED ON DELINQUENCY CHARGE

Fiqua, Nov. 12.—Charged with contributing to the delinquency of a minor, George W. Mullinix, 27, baggage man for the Western Ohio, and Dayton and Troy Electric Railway company and John Wirt 24, a laborer, were arrested last evening and taken to the jail in Troy to wait arraignment proceedings.

They are charged with contributing to the delinquency of Isaac Byers, 14, who was brought back from Garrett, Ind., by humane officer, Cloyd Smith and is now in the county jail at Troy. Mullinix lives at 800 East Ash street and no address was given for Wirt.

CALL GROUP MEETING FOR SUNDAY SCHOOLS

Xenia, Nov. 12.—A group meeting of Sunday schools under the direction of the Greene County Council of Religious Education will be held Sunday afternoon at Zimmerman instead, of at Mt. Zion church as previously announced. Mr. Zion is included in the group of churches that will have the meeting.

TOLEDO, O., Nov. 12.—The Toledo children is being sought by a posse today, after having attacked and seriously injured a school girl. The brute, believed responsible for the death of six women and criminal attacks upon at least a half score of others, jumped from a clump of bushes at Woodville, near here, late yesterday afternoon and clubbed Miss Lucille Hummel, 16, into unconsciousness.

LaPorte, Ind., Nov. 12.—Five unmasked bandits, armed with revolvers and sawed-off shotguns, swooped down on the People's Trust and Savings bank here just before noon today, forced ten bank employees and four customers to line up against the wall and scooped up \$40,000 in cash and \$10,000 in negotiables. They escaped in a large touring auto.

Message Sounds Death Knell to Court

Cyclone Crushes Life Out of 13 Children

Ruins of a school at La Plata, Md., were searched after a cyclone leveled the building, crushing out the lives of thirteen pupils.

International News.

No Chance for Cooperation Seen in Europe. Other Nations Will Not Accept Reservations.

Washington, Nov. 12.—President Coolidge's ultimatum to Europe that the United States will enter the world court on its own terms or not at all was accepted here today as sounding a death knell to the project and signifying the removal of the issue for the time being at least from the realm of politics.

The political powers of Europe have already agreed the senate's reservations are not acceptable. The president has said the reservations will not be changed. There the matter rests. There, apparently, it will continue to rest until the powers change their attitude.

The irresponsibles are jubilant and even some of those who reluctantly voted for the court last January under pressure from the White House were relieved today over the turn of events.

One effect of the president's speech may be to forestall the introduction in the senate next month of a resolution to recall the favorable vote of last session although anticourt opinion is not unanimous on it.

Some of them believe that such a resolution should be introduced and passed while the temper of the senate and the White House is aroused over the matter. Others believe that Mr. Coolidge gave a coup de grace to the whole project at Kansas City yesterday and that no good purpose would be served in stirring up the issue again.

Few of Mr. Coolidge's speeches have been received with such universal senate approbation as that of yesterday. Even the Democrats who assisted in passing the adherence resolution praised the president's stand. Senator Walsh of Montana, who was one of the court leaders in the fight last winter, said the president had "accurately reflected the attitude of the senate."

Senator Johnson of California, an original irreconcilable, said, "Apparently, with a sigh of relief, the president has kissed the League of Nations good-bye." Senator Wm. E. Borah, chairman of the senate foreign relations committee, said "the speech was fine, as far as it went," meaning he thought Mr. Coolidge should have gone even further and recommended the recall of last January's action.

Only a handful of the ardent pro-league and procourt senators found fault with Mr. Coolidge's expressed attitude. Senator Bruce of Maryland said the court "will outlive the president's valedictory."

London, Nov. 12.—Despite its nationalistic tone and sharp, critic comments on European affairs, the speech of President Coolidge at the dedication of the liberty war memorial at Kansas City yesterday has met with general approval and comparatively little criticism in British government circles.

Firemen's Fund Shows Steady Increase

NOW PAST \$300 MARK AND GROWING FAST Shows the Spirit of Covington—All is Voluntary, Everybody Pleased.

The firemen's fund is now past the \$300 mark. More than half of this amount is in cash. A continual stream of citizens are still coming in with their bit to swell the total now being raised for the Covington Volunteer Fire Department.

There is an unusual spirit of pride in the work which this organization has done in the past, and the most common expression is "we simply cannot do without them."

Every cent over \$100 has come without any solicitation, and the response has been most gratifying to say the least.

If the boys ever had any doubt that the citizens appreciated them it would do them good to hear the expressions of good will and local pride that have continued to come, and it is backed up with "a silent offering" almost as thick as the falling leaves.

Those who have called at this office and left a contribution since we last went to press are:

Brookville, Ohio was without water today as the result of the bursting of one of the huge water tanks. Overpressure was given as the cause of the accident. The force of the water pouring from the bursted tank disabled the second tank and tore a fifteen foot hole in an adjacent building.

The blast was heard for two squares and shook the entire village. The tanks had been in use for 25 years. The village fire department was helpless and schools were closed today.

Robbers entered the Camden Ohio Post office last night opened a small safe and secured about \$100 in stamps. They overlooked about \$500 worth in another compartment. They men were seen by a nearby resident, but escaped before help could be summoned.

Piqua, Ohio.—Miss Loretta Coughlin was attacked on her way home by an unidentified man. When passing an alley, the man stepped out and attempted to grab her. She ran screaming to the home of officer Pursell. A search was made for the man but he was not found.

No hunting on my farm. David Matser.

HOG PRICES LOWEST TODAY

Cleveland, Nov. 12.—Hog prices on the local live stock market tumbled to a new low price for 1910 today when quotations were shown showing a reduction of 25c to 50c for choice porkers. The top was officially placed at \$12.50 but buyers declared that few animals brought more than \$12.25.

Government experts attribute the steady decline in the past few weeks to heavy receipts and the seasonal decline.

PRESIDENTS TRAIN ENROUTE TO CAPITOL
(C. M. T. Desales)

Aboard the Presidential Special En Route to Washington, Nov. 12—Numerically, at least, President Coolidge was returning to the national capital today from the scene of his greatest public triumphs. Gauged by extent of vocal demonstration, Minneapolis and St. Paul, which he visited in June, 1925, still hold the call in the matter of presidential receptions, but never was Mr. Coolidge—nor any other executive—address such a vast throng as was assembled Armistice Day in Kansas City, Mo.

Behind the president was a memory of massed humanity aggregating at least 150,000 individuals. They had jammed together in a spillover blanket on all sides of the \$2,000,000 liberty memorial from which the president spoke and, despite the chill of a winter wind they had listened attentively to his mild but, nevertheless, positive denunciation of European politics insofar as relations with the United States are concerned.

This estimate of the crowd was not taken on the word of partisan citizens, but curiously enough, was arrived at in comparison with the throng that witnessed the Dempsey-Tunney fight in Philadelphia, where the exact number of seats was known and where the people were crowded into a space which the vision could determine and remember.

The president's return trip thus far has been as uneventful as was the outgoing journey. Missouri and Illinois were left behind during the night. Today the special crosses Indiana, Ohio and Pennsylvania. A quiet day was in prospect.

In the private car housing the executive and Mrs. Coolidge is a phonograph machine of the latest type, wherewith they may amuse themselves. In the evening, before the 11:30 arrival at Washington, they can look forward to another of the movie features placed aboard by Jack Connolly personal representative of Will Hays

Cleveland, O., Nov. 12—The greatest traffic drive in the history of Cleveland came to a temporary halt early today, after more than 1,200 motorists had been handed summonses or jailed for minor traffic infractions and speeding.

Spurred by the high death rate among pedestrians during the year, climaxed by an unusually bad record during the past few weeks, city authorities ordered the drive last night. Thirty motorcycle policemen worked all night, arresting hundreds.

"The drive will continue until Cleveland motor-car owners learn to obey the traffic laws and cease driving recklessly," declared Traffic Commissioner Edward L. Donohue.

Railroads Use Trees

Railroads use about 180,000,000 new wood ties every year. There are 3,000 ties under every mile of track. We have to cut 5,000,000 trees every year to maintain telephone and telegraph wires, says the American Tree association of Washington. You know the size of the telegraph pole and you know that it has taken the tree that provided it a long time to grow.

Frenchman's Discovery

One hundred years ago Braconot, a French chemist, while examining various vegetables and fruits, discovered the jellylike principle of fruit juices. This he named pectin (from the Greek word pektis, meaning coagulum). Braconot published the story of his researches that led to the discovery of pectin in 1826 in the French Annals of Chemistry.

Hogarth an Ad Writer

Hogarth, the famous British artist and caricaturist, was at one time an advertisement writer. Before the days of newspapers the enterprising shopkeepers used hand dodgers or tradesman's cards which bore the name of the shopkeeper and carried, usually in pictures to describe his business. A collection of these old tradesman's cards has been found to have been drawn by Hogarth.

Sugar From Artichokes

Experts of the government bureau of standards have discovered a process by which sugar may be extracted from artichokes. It is one and one-half times as sweet as the cane and beet varieties and the refining treatment is so simple that the manufacturing cost can be greatly reduced. The artichoke gives a heavy yield in comparison and the expense of cultivation is low.

Obituary

Hollie M. Williams was born west of Covington, April 30th, 1872, a child of A. J. and Mary Williams, with the exception of the recent years spent in Piqua. Mr. Williams resided in and around Covington. He was united in marriage to Mary Belle Hoover, Aug. 1891, to which union were born four children; Mrs. Helen Brumbaugh, Mrs. Lucille Metzger, Dwight Williams, of Covington, and Charles Williams of Piqua.
He was engaged in mail and transfer business in Covington, and six years ago he took the contract for transferring the mails in Piqua, in which city he and Mrs. Williams have lived. Mr. Williams was well known and liked by an unusually large number of friends and acquaintances.
He was a member of the fraternal order of Eagles, in Piqua, and of the Imperial Order of Red Men, in Covington. Early in life he united with the Methodist Episcopal Church in Bradford, O.

Mr. Williams was a man devoted to his family, to whom he always gave loving thought; and an optimistic and joyous example of a home loving husband and father.

One of the manifestations of his thoughtful life in behalf of others was his unlimited appreciation for and devotion to the aged parents of Mrs. Williams. Innumerable were the instances of his loving kindness toward this aged couple, who were indeed a real father and mother to him.

Mr. Williams had been in his usual health to the Tuesday before his death, when he was very likely taken with a light stroke that affected him for but a short time. On Thursday morning early he was discovered to be suffering from a severe attack of paralysis and in spite of all efforts in his behalf, passed on to the future life, Saturday afternoon, without regaining his speech.

A friend of many and a lover of home has slipped away, while yet in the midst of life, to await the coming of the others to whom his devotion has meant so much.

Beside the father, mother, wife and children, three brothers survive: Albert of Covington, Elmer Piqua; Isaac of Portland, Oregon. Three sisters who have passed on before are Ida, Mina, Suggie and one brother. He also leaves to mourn his loss seven beloved grandchildren.

We desire to express our sincere and grateful appreciation to the dear friends who gave machines and beautiful flowers and other assistance during our darkest hour of sadness, also to the Presbyterian Church singers and lodge brothers.

Mrs. H. M. Williams and family. Those attending the funeral services from a distance were: Mr. W. C. Hoover, Cincinnati, Elmer Griffith, DeGraff, Grant Furnas St. Paris; Miss Mustie Griffith, Fletcher; Will Moore, Fletcher; Mrs. John Haack, Mrs. Anna Davis, Mrs. Nan Norris and niece of Troy; Mr. and Mrs. H. L. Reek, Greenville; Mrs. Ida Griffith Sidney and Mr. and Mrs. Roy Brannon Greenville.
