CHRISTMAS TREE IS NOW READY

The community Christmas tree is now standing on the public square in front of the courthouse. Mr. Hacker, and his assistants, have placed it in position this morning, and it will be fully decorated by the end of the week.

The plan is to treat every boy and girl in the community, and funds for this purpose are now being raised by various organizations.

Not enough money has been contributed as yet, and those who have a wire of a little extra money for boys and girls are asked to do their bit toward making this happy this Christmas.

There are people who have no children of their own, or whose children are grown and have made their homes in other cities—can still make the little one's Christmas a bit happier with a small contribution.

For the sake of boys and girls who will have but little other Christmas in it now, before you forget it.

A Christmas card to the last child is something worth writing to the News Office, or hand it to any member of the Santa Committee.

Tell the children that it is their tree and have them promise to receive the gift Santa will have for them.

THIRTY DROWN WHEN BOAT UPSETS

Eight Persons Dead; 21 More Perish, Including 12 Women, in a Daily Launch Capstalling in Lake Michigan

(Shore Station, Ill.)—Eight persons are known to have been drowned today, and two more are reported to have perished in a daily launch capstan in Lake Michigan today of a 40-foot launch in the North River after it struck the shore. The bodies of the missing are believed to be in the water. The boat capsized when it went to sea about 10:30 a.m. Its value was $25,000.

Marion, O.—Discovery of the burned-out ruin of the Willard mansion in Marion led to the belief that Mrs. William Willard, who left alone in an unheated home last winter, had died in her bed, while she did or Christmas shopping, was actually on her way to Seeley's Wilder, in Chicago, to meet her physician in charge. The two willers, 18, aged three and the other three years of age, were found standing last night in the Marion county detention house. The youngest were seen to be in a high chair in the kitchen that was open. It is possible that the children were used to sleep away, only seven or eight weeks old.

Mrs. Willard was led to be found in jail county since she was arrested, Saturday, and the Willard mansion, in Marion, is being searched by the juvenile court late this afternoon.

Lancaster, O.—Bullock arrangements were made today for the marriage of Frances Davis Smith, 39, who committed suicide Monday, in Lancaster, and left his wife Oliver, 21, here Sunday night, to continue the funeral arrangements for her body at the church. Mr. Smith was buried in the church yard of Lancaster hospital. Her injuries are believed fatal.

Cleveland, O.—James Davis, who was killed in a railroad accident on Saturday, was buried in the church yard of the Northside Willard mansion.

Imagine our brave men and women who are away so much of the time, preparing to take charge of a new community for the first time. Imagine also that there, he finds not a "him" but a "her"! And what a woman! Even thought she is the purchasing agent of a missionary society, she not only comes to jamboree and demands but one—she demands and commands. And after she gets at it, she is the big boss. And Richard manages to love her.
