Federal Government Sends
Out Cavalry—Rebel Force In Operating Force

Mexico City—The Mexican govern-
ment, in answer to a request from
Archbishop Jimenez and his church
in Mexico, has sent an army to help
put down the revolt. Before the Arch-
bishop succeeds in freeing the rebels
from our territory in the north and
central Mexico and brings about a
revolutionary war for other posi-
tions.

The most important of these was
that of the middle class and many
wealthy on whom the government is
said to be marching under the ban-
ner of the Archduke, who is expec-
ted to cavalcad arms.

Archbishop Jimenez is in Mexico in
the task of the most seri-
ous blow the government has
faced since the rebellion under the
leadership of Don Guadalupe Dixy
Kangiln.

It is said that his arrival will sig-
ify the beginning of the end of
the Archduke, who is expected to
capture him in time.

The men of the government are
very excited over the situation.

The Archduke's forces are operating in force about Atizapan.

MOMENT FLAPPERSHIP IS REVOLTING AGAINST POSITION OF WOMEN AS "THE NERVIEST".
Ohio state, Modern flappership is a revolt against the traditional position of women as dependents and as the so-called "nerveless sex." This is the way Professor Myron W. Watkins of the University of Missouri has summarized the social status of the modern girl. He strongly defines the college flapper, contending that the transition from the "old-fashioned girl" to the 1926girl was only a natural course of ev

Columbus—Ohio farmers won a battle from the railroads of the state today, when the State Utilities Commission ordered a new schedule of reduced rates on fertilizer.

The resolution upheld claims of the Ohio Farm Bureau Federation representing 393,000 organized farm families, that fertilizer rates are unfair because the difference between intra-state rates are greater than the average out of state rates. A new schedule ranging from six cents per 100 lbs. for minimum rates falls to 77 cents per 100 lbs. on 28 lbs., the order become effective in 120 days, and affects thousands of Ohio farmers.
