Mexico City—The Mexican foreign office today continued to maintain complete silence as to the nature of the note delivered yesterday by the United States, but there were many rumors afloat as to the content of the note.

Washington—Strong pressure is being brought to bear on the government for the removal of the embargo loans to France.

Announcement that France will begin debt payments to the United States without waiting for ratification of the Mellon Berenger agreement, is expected to strengthen the position of New York bankers who are reported to be anxious to make large flotations of French bonds in the American investment field. Cleveland, Ohio—J. A. House prominent banker of Cleveland, Ohio, has just received a dispatch from Leninakan telling of the gallant fight "to dig themselves in" by 40,000 Armenian peasants made homeless by the series of earthquakes which have continued since last October. In the center of this earthquake district Dr. Joseph Bach, Director of the Near East Orphanage Schools of the Near East has labored, spending nearly \$200,000 in relief work and is today appealing for an additional \$250,000 for the same purpose. With two other doctors and two nurses they traveled on sleds breaking trails over roads that had not been open for many days to visit thirty of these villages. Most of the homeless families by excavating circular trenches and mounting a few beams and branches to support a roof of sod and snow, have erected veritable Eskimo houses which one enters by a tunnel.

American assistance has been confined mainly to the children, although the medical care has been given to the entire population of the earthquake district. Lack of funds prohibits taking any more homeless children under the orphanages, but rations of food and clothing must be distributed to the neediest of the children in these stricken villages. And every effort is being made to enable the children to remain in their villages rather than being a charge on charity.

March 4 is the date that has been set for the public performance of "Jack and the Baked Bean Stalk," an operetta presented by the members of the seventh and eighth grades of Newton Township Schools under the direction of Miss Kathryn Myers, Supervisor of music.

The story of the operetta is a modernized version of the fairy tale. Jack, a student lad is in love with beautiful Princess Belle-a-Belle but to win her love he must prove himself a true and trustworthy knight. The Little Old Lady, a fairy in disguise, promised a little Jack and gives him a bean to plant when he is in the need of help.

The Ogre from Cloudy Land comes to earth, sees the beautiful Princess Belle-a-Belle, hypnotizes her and her attendants and carries them off to Cloudy Land. Jack and his comrades returning, learn from The Little Black Dwarf that the Ogre has carried off the Beautiful Princess. The bean is planted and Jack and his comrades climb the bean stalk to Cloudy Land to save the Princess from the Ogre.

In Cloudy Land the Little Old Lady comforts the Princess, but plans that when Jack and his comrades come that they become frightened in order that they become better husbands. At last the Princess and her attendants escape from Jack and his comrades. The Ogre returns from market intent upon eating the beautiful Princess but is overpowered by Jack. The Princess, feeds him baked beans and the Ogre declares that they are much more delicious than "Englishmen."

TIPP CITY CHAMPIONS!

enthusiastic rooters. The four sessions were well attended, particularly Friday and Saturday evenings. Over eleven hundred people watched the finale. The crowded condition of the gymnasium did not seem to cause much dissatisfaction because the interest to see the game was so great.

The first game between Covington and Newton ended two all the first quarter, but finally Covington began to hit the net and finished ahead 25 to 9.

The second game of the afternoon was the most hotly contested of the day. Both Bradford and Tipp were determined to win. At first Tipp was ahead but later Bradford forged a head and the entire crowd was in an uproar but Smith of Tipp made the Tipp rooters feel better by sinking three beautiful shots from the side of the floor to win the game in the final minutes 20 to 15.

The third game was more closely contested than the fans had reason to expect. West Milton made Staunton extend herself to come out ahead. Bernhart and Potasy rivaled Bridgman and Baldwin in scoring but lost 24 to 23.

The first game of the evening between Lost Creek and Brown was easily won by Lost Creek 41 to 11.

The second game of the evening between Bethel and Conover was rather slow and many fouls were called on Bethel. Two Bethel men were ejected by way of the personal foul. Conover only made good 8 out of 21 tries from the free lane and lost 26 to 16.

The final game on Friday brought together the two winners of the afternoon—Covington and Tipp City. Tipp led all the way due to close guarding by Tipp and the inability of Smith of Covington to make good on the free throws. Beyles spoiled many chances for Smith and was finally removed because of four personal fouls. Tipp won 32 to 15.

The first game Saturday afternoon brought together Lost Creek and Staunton. Lost Creek had beaten Staunton earlier in the year and therefore ruled a favorite. At first Lost Creek had the game on ice but the second half Staunton came back with vim and determination and in the final minutes forged ahead by good shooting and close guarding. The close guarding might have cost them the one out of six free throws in the last game but Lost Creek only made good half and therefore lost 18 to 15.

The second game of the afternoon was the most exciting of all and had been crowded on edge all the day through Bethel started out ahead and led at the half 12 to 6. Naturally, Tipp City came back with all the vigor possible after two hard struggles but all seemed in vain until Ross Smith made two nice shots, followed by a long one by Rupe and the score was even and only a few minutes to play. Both teams were fighting frantically for an opening and during the last minute Gerchel of Bethel had the opportunity to win by a free throw but failed. Then the game ended in a tie. Five minutes were used but again the score was tie but Tipp lost one more because of 4 personal fouls and Bethel lost two men by personal fouls which seemed to weaken the team and in the second overtime period Tipp won 21 to 19.

The coaches teachers game of the evening was somewhat of a comedy. The North was defeated 30 to 7. The final game of the evening was a thriller particularly during the final

half. Sometimes Tipp led and sometimes Staunton. During the last quarter Tipp City's greater resourcefulness put her in a commanding lead and the final score was 37 to 22. In all about 4000 people saw the games.

Mrs. Madigan was widowed in 1915 when her first husband, a motorcycle policeman here, was killed in a collision with a fire-truck.

Chicago—Franklin Macveagh, secretary of the Treasury during the Taft administration, was near death at a hospital here today as a result of being run down by an automobile. Mr. Macveagh, who is 97 years old, was struck while crossing Michigan Boulevard at Monroe street. Because of his advanced age, his condition may prove fatal.

Cleveland—Bank records of alleged ring members will play an important part in evidence to be presented here today to the Federal Grand Jury investigating the Pennsylvania Ohio "loan ring."

Through a number of deposit slips, checks and drafts, U. S. District Attorney A. E. Bernstein expects to show the financial ransacking of the "million dollar bar rump."

Many Pennsylvania bankers and bank employees were on hand today to testify.

Washington—The first shots have been exchanged between American marines, now occupying the principal cities of Nicaragua and manning the trains on the government railroad, and the Nicaraguan Liberal forces, according to advances at the navy department today.

Liberal fighters fired on a train between Managua and Corinto, and the marines returned the fire. The train did not stop and no damage was done either side, according to reports.

London—Sun Chuan Fang's entire army, numbering 24,000 is reported withdrawing from Sankiang according to a dispatch from Shanghai to day, following the reported desertion of General Meng Chao-Yueh, Sun's field commander. Sun's army may be replaced by Chang Tsung-Chang's Shanghai forces who now are pouring into Sankiang by the thousands, the dispatch said.

Mexico City—The Mexican foreign office today continued to maintain complete silence as to the nature of the note delivered yesterday by the United States, but there were many rumors afloat as to the content of the note.

In well informed circles it was reported that the purpose of the note was to inform the Mexican government that Ambassador Sheffield has the confident support of the Washington administration.

It is also reported that the note protested against anti-American propaganda, and warned the Mexican government against its officials lending themselves to such efforts.

Washington—Strong pressure is being brought to bear on the government for the removal of the embargo loans to France.

Announcement that France will begin debt payments to the United States without waiting for ratification of the Mellon-Berenger agreement, is expected to strengthen the position of New York bankers who are reported to be anxious to make large flotations of French bonds in the American investment field. Representatives of the large banks already have conferred with secretary of State Kellogg and secretary Mellon concerning the possibility.

Cleveland, Ohio—J. A. House prominent banker of Cleveland, Ohio, has just received a dispatch from Leninakan telling of the gallant fight "to dig themselves in" by 40,000 Armenian peasants made homeless by the series of earthquakes which have continued since last October. In the center of this earthquake district Dr. Joseph Beach, Director of the American Orphanage Schools of the Near East has labored, spending nearly \$200,000 in relief work and is today appealing for an additional \$250,000 for the same purpose. With two other doctors and two nurses they traveled on sleds breaking trails over roads that had not been open for many days to visit thirty of these villages. Most of the homeless families by excavating circular trenches and mounting a few beams and branches, to support a roof of sod and snow, have erected veritable Eskimo houses which one enters by a tunnel.

American assistance has been confined mainly to the children, although medical care has been given to the entire population of the earthquake district. Lack of funds prohibits taking any more homeless children into the orphanages, but rations of food and clothing must be distributed to the neediest of the children in these stricken villages. And every effort is being made to enable the children to remain in their villages rather than become a charge on charity.

Mr. and Mrs. George Miller, Mrs. Russell Miller and daughter, Mrs. Betty Anna, Mrs. J. C. O'Donnell and Mrs. Helen Miller made a business trip to Lima, Peru.

MARVELOUS PROGRESS

Vienna, controlled by a socialistic administration, has balanced its budget of 70 millions of dollars, nearly one-half of which is appropriated for 34,000 apartments, of which 25,000 are completed. The city is giving \$300,000 to sports, children's playgrounds, public baths and skating rinks. Charity, social welfare, receives for the second time 10 millions and nearly a million and a half is to be spent on homes for old people. And this was the city that was practically dead and buried at the close of the World War. Its marvelous recovery is the wonder of this decade. Verily we have the New World, with all its wealth, have some things to learn of the Old.

The confines of this advertisement do not permit us to tell you of more than just a VERY FEW of our bargains. Besides those listed in detail, we have at least two dozen bedroom rugs priced from \$3.95 up, full 9x12 size. Bookcases, youth's chairs and many other articles which would interest the thrifty family.

If you want something—ask us for it—we probably have and the price will be very reasonable.

A SUGGESTION ABOUT MATTRESSES

We have the best prices on the necessary article that we have ever had. Veteran furniture buyers say they are the lowest in 25 years.

Let's help our fellow farmers in the south by buying mattresses of PURE COTTON FILLED.

The feature mattress of our line is a full 50-pound felt in good quality tick at \$9.75 and up. A high grade staple cotton felt—a real 'pillar for the body'—at a very reasonable price.

DO YOU KNOW THIS?

That the people of the large cities are coming to the small country towns to buy furniture? Why? Because the dealer in the small town can get the same quality merchandise and sell on a smaller margin of profit than the dealer who is located in the city where rent overhead is high.

DO YOU QUESTION THE QUALITY?

You do not need to worry about the dependability of the furniture you get here. Why? Because we are here to stay and we cannot afford to sell inferior merchandise. Every piece is inspected carefully and must pass our rigid test in every detail.

The Bargains listed in both the Gettysburg and the Bradford bargain sections of this advertisement are made possible only by our desire to unload quickly and overstock of these items.

RUGS

We have a carefully chosen line of select patterns which includes Tapestries from \$17.50 to \$23.00; Axminster from \$27.50 to \$48.50; Velvets \$20.00 and up. Also Wilton velvets from two lines at attractive prices.

In addition to the usual sizes and qualities, we have added assortments in the odd sizes of 6x9; 7½x9, 8½x10½; 9x13; 11¼x15, and are also arranging for the shipment of a better assortment of genuine Royal Wilton qualities. It will save you money and add to your satisfaction if you choose your new rug for housecleaning from our complete line.
