Columbus, Ohio—Sufficient funds, with which to carry on highway im-
provements may be secured by a re-
distribution of present revenues re-
ceived from the gasoline tax and in-
crease them two and one-half per cent in the gas tax rate, ac-
cording to Clay C. Kline, secretary of
the State Automobile Association.
Proving his contention Miss Jane
point out that there is an estimated
$25,000,000 at the present time. This
will add $1,000,000 a year to the state's
balance under the redistribution
plan. $25,000,000 is $25,000,000 over the
total of $25,000,000 for 1927.
For 1928 it is estimated by Mr. Jane
that the gas tax will total $29,000,000,
and, $29,000,000 for Indiana, or a total
of $58,000,000. State need for re-
vapor and maintenance during the
next two years total $52,000,000. De-
duct this from the two years revenue
and there is a balance of $6,000,000.
This amount plus an approximate
$45,000,000 or $60,000,000 federal aid
would give the highway department
approximately $115,000,000 for con-
ruction purposes. It is pointed out
that the balance of $6,000,000 this
year would be greater in b. f. and
with the depression and the many of
our roads have been put in good con-
dition, and the city's equipment now
is in a position where it is necessary
and the community will be in a posi-
tion to make improvements from the
re-1
served funds.
