Late News Flashes

(L. M. S. Dispatch)

Cincinnati.—Traffic fatalities in Hamilton County during the year numbered 16 today with the death of Charles F. Jaisle, 49, of injuries a few days ago when he was struck by an automobile believed to have been driven by an Indianapolis, Ind. man.

Xenia. O.—Five year old Jean Alberta Tracy, Paintersville, died here this morning from burns sustained when her clothing ignited while she was playing with matches at the home of a neighbor late Thursday.

Cincinnati.—State prohibition agent believes that they have discovered the youngest bootlegger in the world here today.

Lee Grant Brown, eight years of age, very tiny and very black, was turned over to Juvenile authorities by the agents who charged that the negro boy had sold them a drink of whiskey last night.

Indianapolis.—Indiana coal operators will meet at Terre Haute on Wednesday, March 23 to discuss a renewal of wage scale conference with the wage scale committee of the United mine workers of America. This announcement here today of E. D. Logsdon, President of the Knox Consolidated coal company and former head of the Indiana Bituminous coal operator's association.

Washington.—Half a dozen candidates are being considered for the prohibition commissionship, it was said at the treasury today, although the expectation prevails that J. D. Pennington, now administrator at Pittsburgh, will get the post.

Pennington is a formal naval officer.

Anti-Saloon League officials are still waging a campaign for the appointment of Roy A. Hayes, but apparently with diminishing chances of success.

Seattle, Wash.—After three days of negotiating, Union miners and operators today signed an agreement that there will be no stoppage of work in Washington coal fields with the expiration of the Jacksonville wage scale agreement March 31; despite any action that may be taken in the Central Competitive Bituminous coal fields.

Under the terms of today's peace pact, miners of this state will continue working under the present wage scale after April 1.

Later, when agreements are reached in the eastern fields, new conferences will be held here, the eastern agreements being used as the basis of new agreements.

Columbus, O.—Governor Vic Donahy today called a special meeting of the board of trustees, Kent Normal School, for 11 A. M. next Wednesday at the school.

The call was issued, it was explained at the request of Judge David L. Rockwell, Ravenna, President of the board, for the purpose of discussing recent alleged difficulties of the school.

Claim has been made by some state officials that the board has divided into opposing factions, that funds of the school were improperly spent, that unauthorized transfers of state funds were made by the board, that coal was purchased at excessive prices after the legal requirement for competitive bidding had been ignored, that at least one official of the school was excessively paid from unauthorized funds; that other improper purchases had been made at the school and that construction work was not up to specifications.

The Governor is expected to attend the special meeting at Kent.

Marion, Ohio.—Commandeering a Hocking Valley Railroad switch engine in the railroad yards here today, Sheriff Deal and his men.

St. Louis, both negroes after a chase of half a mile.

A third negro ran away from the railroad, partly of way and escaped. Dye and his companion according to police are wanted for robbing and shooting a local grocer, who has since recovered.

Cincinnati.—Frank Amann, local druggist was thoroughly convinced today that it's better to "fight it out" with the average run of holdup men. Last night after Amann routed a man who had ordered him to "stick 'em up" the druggist found that he had been enriched by a half dollar. A revolver and a magazine, left behind by the fleeing bandit. Last year Amann killed James Heller, of Allentown, Pa. when Heller tried to rob his drug store.

Eri, Pa.—Just before the official inquest opened here today, coroner Daniel Hanley declared that Virginia Gibney, chorus girl dead in a local hotel early this morning, probably died from stomach trouble.

K. H. Bechtel, Buffalo Battery Salesman, is being held by police on a technical charge of murder in connection with the girl's death. He admitted, they said, that he choked Miss Gibney when she demanded \$20 from him as he was leaving her room.

Marietta, O.—Raymond Gourley, one of the four prisoners who escaped from the Washington county jail, was back in prison today, following his capture by city police and sheriff way late last night. He was trying to get to his home, to obtain clothing for himself and three companions when caught.

The escape has been carefully planned and was carried out about dark. The men broke through a tile partition at the rear of the prison, lowered themselves on a rope of blankets and smashed open a door in the court house clock tower to freedom. Persons who saw them running thought they were college athletes out for exercise. Logan Brake and James Deems, still at large, are charged with burglary and larceny and Hugh Allender, the third man at liberty, is an alleged pistol toter.

Washington.—Surrounded by diplomatic representatives of 25 nations President Coolidge today made the first drawing for the Davis Cup International tennis matches. The ceremony was on the south lawn of the white house.

The president drew Czechoslovakia. Diplomats followed him in making drawings. Drawings were for the European and American zones. The winners of the two zones will play and the victor will meet the United States, present holder of the famous Davis Cup.

The first round of the European zone follows: Spain vs. India, Sweden vs. British isles; Denmark vs. Holland; Switzerland vs. Austria; Ireland vs. South Africa. Eleven nations drew byes and will meet in the pique second round as, follows: Czechoslovakia vs. Greece; Belgium vs. Poland; Yugoslavia vs. the winner of the Spain-India match; Portugal vs. Germany; Hungary vs. Italy; and France vs. Rumania.

The American zone first round follows:

CITIZENS ASKED TO SUPPORT BOND ISSUE

Special Election Scheduled for Monday, For Purpose of Securing New Fire Truck

The voters of Covington will go to the polls Monday to make a decision as to whether the village is to have a new firefighting apparatus. A special election has been called for this purpose.

Very little comment has been heard upon this question—in fact the majority of our citizen knew nothing of the special election.

The bond issue requested is for the purpose of securing a new fire truck. This truck is what is called a Combination—that is it is a chemical, a hose cart and pumper combined.

The proposal is sponsored by the Fire Department who recently asked Council to present the proposition to the voters.

It is pointed out that at the present time the village is dependent entirely upon the Water works for fire protection, and there is no means at hand to use the water from the ten large cisterns that have been unused for a number of years, and that the outlying districts, especially the east end of the village is without protection.

A pumper would remedy the condition and in case of a bad blaze could if necessary go to the river for water supply.

Those who have given the matter serious consideration say that such a machine is needed, and that the present apparatus is entirely inadequate for this size town.

The State Bureau of inspection has pointed out the danger of relying solely upon the water works plant and we understand that it has suggested that a triple combination truck be purchased.

Supporters of the proposal also point out that the reduced insurance rate, should a new apparatus be provided, would pay the approximate cost of the new outfit.

The Covington Volunteer Fire Co. has been in existence for many years and has always been mindful of the needs of the village in this respect, and it is upon their recommendation that the News suggests that you vote yes on the bond issue Monday.

Lesson for March 27

STUDIES IN THE CHRISTIAN LIFE

TOPIC—What Jesus meant by the Kingdom of God.
TOPIC—The Christian Way.
INTERMEDIATE AND SENIOR TOPICS—What it Means to Be a Christian, Young People's Bible Study, Marks of a True Christian.

The following methods of review are suggested:

I. A Descriptive Essay Method.

Each member of the class should be assigned to the task a week ahead of the preparation of an essay on the topics involved in the quarterly lesson, as for example: What constitutes a True Christian. Following Christ. The prayer life of a Christian. The Christian and his Bible. The home life of a Christian. Christian stewardship. The Christian and his missionary obligation.

II. The Question Review Method.

The teacher will prepare a list of questions dealing with the various phases of the quarterly lessons. These will be written on slips of paper and the members of the class will draw them. As examples of questions note the following: What does following Christ involve? What is the Christian's responsibility as to his Bible? What is the Christian's obligation as to stewardship? What are the duties of the members of the home? What is the Christian's obligation as to the evangelization of the world? What is the Christian's hope? Is Christ coming again? Will there be a resurrection of the body?

III. The Summary Method.

This method can always be used to good advantage with the advanced classes. The outstanding fact or facts should be grasped and the principal teaching of the quarter's lessons stated. Suggestions:

Lesson for January 2.

Jesus first calls men to be His disciples. He then calls them to have fellowship in His service. Those who receive this two-fold call will walk as He walked.

Lesson for January 9.

The one who really follows Christ shall be hated and opposed. Having fellowship with Christ, he will love his brethren, as well as those who hate him. Men whom that curse him, pray for those which despiseth him.

Lesson for January 16.

The Bible furnished the Christian with full knowledge of God and man's obligation to Him. The only way to the knowledge of God is through the Bible. The Bible is the only authority in the Christian religion. There is no authority outside of the knowledge of the Scriptures.

Lesson for January 23.

Jesus, through His own sacrifice upon the cross, has secured the salvation of man. He has made it possible for man to be saved.

Lesson for January 30.

Followers of Jesus may expect temptations, but divine help is available for every need.

Lesson for February 6.

The Christian's life is a life of growth. He must grow in grace and knowledge of the Lord. A life of growing is coming at which we must be diligent, and which will result in a life of maturity.

Lesson for February 13.

The Christian's life is a life of service. He must serve the Lord and his brethren. Service is the key to a life of growth and maturity.

Lesson for February 20.

The Christian's life is a life of hope. He must have hope in the Lord and in the future. Hope is the key to a life of growth and maturity.

Columbus, O. - Governor Vic Donahey today called a special meeting of the board of trustees, Kent Normal School, for 11 A. M. next Wednesday at the school.

The call was issued, it was explained at the request of Judge David L. Rockwell, Ravenna, President of the board, for the purpose of discussing recent alleged difficulties of the school.

Claim has been made by some state officials that the board has divided into opposing factions, that funds of the school were improperly spent, that unauthorized transfers of state funds were made by the board, that coal was purchased at excessive prices after the legal requirement for competitive bidding had been ignored, that at least one official of the school was excessively paid from unauthorized funds; that other improper purchases had been made at the school; and that construction work was not up to specifications. The Governor is expected to attend the special meeting at Kent.

Marion, Ohio - Commandeering a Hocking Valley Railroad switch engine in the railroad yards at Marion, Ohio, was the subject of a case in the federal court at Columbus, Ohio, today.

St. Louis, Mo. - Negroes after a chase of half a mile.

A third negro ran away from the railroad right of way and escaped. Dye and his companion according to police are wanted for robbing and shooting a local grocer, who has since recovered.

Cincinnati - Frank Amann, local druggist was thoroughly convinced today that it's better to "fight it out" with the average run of hoodlum men. Last night after Amann routed a man who had ordered him to "stick 'em up" the druggist found that he had been enriched by a half dollar, a revolver, and a magazine, left behind by the fleeing bandit. Last year Amann killed James Heller, of Allentown, Pa. when Heller tried to rob his drug store.

Eri, Pa. - Just before the official inquest opened here today, coroner Daniel Hanley declared that Virginia Gibney, chorus girl dead in a local hotel early this morning, probably died from stomach trouble.

K. H. Bechtel, Buffalo Battery sergeant, is being held by police on a technical charge of murder in connection with the girl's death. He admitted, they said, that he choked Miss Gibney when she demanded \$20 from him as he was leaving her room.

Marietta, O. - Raymond Gourley, one of the four prisoners who escaped from the Washington county jail, was back in prison today, following his recapture by city police and sheriff May late last night. He was trying to get to his home, to obtain clothing for himself and three companions when caught.

The escape has been carefully planned and was carried out about dark. The men broke through a tile partition at the rear of the prison, lowered themselves on a rope of blankets and smashed open a door in the court house clock tower to freedom. Persons who saw them running thought they were college athletes out for exercise. Logan Brake and James Deems, still at large, are charged with burglary and larceny and Hugh Alexander, the third man at liberty, is an alleged pistol toter.

Washington - Surrounded by diplomatic representatives of 25 nations President Coolidge today made the first drawing for the Davis Cup International tennis matches. The ceremony was on the south lawn of the white house.

The president drew Czechoslovakia. Diplomats followed him in making drawings. Drawings were for the European and American zones. The winners of the two zones will play and the victor will meet the United States, present holder of the famous Davis Cup.

The first round of the European zone follows: Spain vs India Sweden vs British Isles; Denmark vs Holland; Switzerland vs Austria; Ireland vs South Africa. Eleven nations drew byes and will meet in the second round as follows: Czechoslovakia vs Greece; Belgium vs Poland; Yugoslavia vs the winner of the Spain-India match; Portugal vs Germany; Hungary vs Italy; and France vs Rumania.

The American zone first round follows: Japan vs Mexico; and Cuba vs Canada.

Canton, O. - Judge A. W. Apler today appointed attorneys J. H. Robertson and Frank T. Bow, both of Canton to represent Floyd Strickberger, former Canton detective, awaiting arraignment here on a first grade murder charge in connection to the killing of Don R. Mellott, Canton publisher, July 16, last.

Mrs. J. M. Hill and daughter, Miss Virginia, of Brookville, are the guests of Mr. and Mrs. E. W. VanAllen, this morning.

CITIZENS ASKED TO SUPPORT BOND ISSUE

Special Election Scheduled for Monday, For Purpose of Securing New Fire Truck

The voters of Covington will go to the polls Monday to make a decision as to whether the village is to have a new firefighting apparatus. A special election has been called for this purpose.

Very little comment has been heard upon this question—in fact the majority of our citizen knew nothing of the special election.

The bond issue requested is for the purpose of securing a new fire truck. This truck is what is called a Combination—that is it is a chemical, a hose cart and pumper combined.

The proposal is sponsored by the Fire Department who recently asked Council to present the proposition to the voters.

It is pointed out that at the present time the village is dependent entirely upon the water works for fire protection, and there is no means at hand to use the water from the ten large cisterns that have been unused for a number of years, and that the outlying districts, especially the east end of the village is without protection.

A pumper would remedy the condition and in case of a bad blaze could if necessary go to the river for water supply.

Those who have given the matter serious consideration say that such a machine is needed, and that the present apparatus is entirely inadequate for this size town.

The State Bureau of inspection has pointed out the danger of relying solely upon the water works plant and we understand that it has suggested that a triple combination truck be purchased.

Supporters of the proposal also point out that the reduced insurance rate, should a new apparatus be provided, would pay the approximate cost of the new outfit.

The Covington Volunteer Fire Co. has been in existence for many years and has always been mindful of the needs of the village in this respect, and it is upon their recommendation that the News suggests that you vote yes on the bond issue Monday.

BALTO, SEPPALA'S FAMOUS HERO, GETS PERMANENT HOME IN CLEVELAND ZOO

Cleveland.—Balto, the hero dog, who led Leonard Seppala's team of huskies into Nome two years ago pulling that precious little cargo of diphtheria anti-toxin will make his future home in Byokside Zoo, Cleveland.
 A fund of approximately \$2,500 raised through popular subscription here, purchased Balto and several of his team-mates.
 Huskies, such as Balto may live to the ripe age of twenty years, dog experts declare. As Balto is but five years old at the present time, he is thought to be good for ten years more at least, perhaps longer for he will receive excellent care at the zoo.
 Subscriptions accepted in the local drive, ranged all the way from pennies contributed by school children, upward.
 Local people will remember seeing this famous dog, which sat in the sleigh when, the Rike-Kumble truck exhibited the famous team in Covington during the holidays.

News Flashes

Dublin.—With the coming of the National Festival, the minds and hearts of men and women of Irish blood turn to their mother country with renewed affection; and hopes for her advancement and prosperity with renewed vigor.
 The Irish Nation which has borne many centuries of stress and trial, as now reached smoother waters and the energies of the people, long separated in a struggle for mere existence, are now being directed towards setting their country in its rightful position among the nations. Politics no longer exercise a distracting influence upon our people. Practical measures for the up-building of the nation are occupying their thoughts and time.
 A favorable augury for the continuance of friendly relations between the United States and Ireland is the recent appointment of a United States Ambassador here. We are confident that the bonds which unite Ireland and America will be strengthened thereby.

Toledo, O.—An army of 7,500 men is being concentrated here by the United States department of agriculture to begin its campaign to check or eradicate the European cornborer on the eastern front of the grain fields of the plains country.

The battle to be waged by the government will be fought on the farms of Ohio Indiana and Michigan, and for this purpose the government has established a corn borer division of the department of agriculture in a building here, having 75,000 square feet of floor space. As soon as necessary changes are made of million dollars worth of equipment will be shipped in for distribution in the campaign area.

Of the \$10,000,000 appropriated by the government to fight this parasite two millions have been designated to Ohio, while an additional \$200,000 will be available from state funds with the signing of the Hamilton bill by Gov. Donahy. The bill has already passed houses as an emergency measure and will become a law immediately upon the governor's signature.

While the northern section of Hardin county between Findlay and Kenton is expected to be the seat of the initial drive in Ohio, attaches of the corn borer division are already conducting experiments on a farm at Bonu near here.

A strict quarantine will be maintained and all highways and main markets roads are to be placed under guard to stop the spread of the parasite.

Marion, Ill.—Authorities today were investigating an attempt to assassinate Arlie O. Boswell, State's Attorney of "Bloody" Williamson county, en dress.

Boswell was fired upon late last night as he was putting his car in the garage at his home. One of four shots took effect in his side. He was rushed to a hospital at West Frankfort where surgeons reported his condition was not serious.

Boswell has been active here in prosecuting law violators. He was instrumental in sending three notorious Birger gangsters to the penitentiary. The attempt was the second that has been made on Boswell's life since he has been State's Attorney. Last September he was shot in the calf of the leg by one of two bullets which passed through the car he was driving.

Before his election he was engaged as an attorney for the late Glenn Klan ruler, who was killed in a gun battle with Ora Thomas more than 2 years ago.

Pittsburgh—Joseph Weckoski, 32, brought here from Detroit as a principal in the \$104,000 Covendale payroll bombing and robbery, left with a squad of detectives for his farm near Charlevoix today to point out the hiding place of his portion of the loot.

Weckoski denied participating in the actual bombing, saying he was given a share in the loot for the use of his farm as a rendezvous for the bandit gang.

Paul Jaworski, confessed participant in the bombing on the other hand claimed Weckoski was a member of the gang. He previously led detectives to the farm where a \$33,000 cache was unearthed. Later \$2000 in coins was dug up by searchers.

Weckoski first went to the farm with detectives last night but due to darkness was unable to locate his cache.

Gary, Ind.—Walter Scholl, 38, convict of Ohio, the man who had "courage" enough to put to death his two little children, but could not kill himself, was back to the scene of his crime today, freely confessing to the electric chair that a night John his victims in death.

Scholl, arrested in Chicago late yesterday while seeking Mrs. Margaret Scholl, his estranged wife, told an amazing story of to weird preparations that preceded the slaying of his little son and daughter.

"I was discouraged over my wife leaving me and decided to end it all," Scholl said. "I could not think of leaving my little Donald and Vivian to the mercy of strangers, so I decided to kill them also.

"Vivian was eight years old and Donald six, I called them to my side and told them that I intended to kill myself and asked what they wanted me to do with them. Vivian smiled and said 'Daddy I know you can't live without mamma. But if you die Donald and I want to die with you.'

Scholl then told of preparing for the children's death and strychnine. "It was all over in a few minutes, he added. "But somehow I couldn't find courage enough to kill myself. It still wanted to see Margaret once more. I was looking for her when they arrested me."

The threatened shut-down of Ohio coal mines April first will be a very serious foot-day to the 20,000 miners concerned.

DIVORCE NATIONAL ISSUE SAYS GERMAN PROFESSOR

Berlin.—Americans have every reason to be seriously concerned about the appalling increase of divorces in the States. It is high time for America to study this important problem closely and earnestly. It is the keynote of an article by Professor Dr. Fritz Konrad Kraeger of Goettingen University.

"The increase of divorces is a national issue of tremendous importance. It looks as if the United States is gradually approaching conditions in the Roman Empire, where women jokingly gave their ages on the strength of their marriages instead of on the terms of the Consul.

Kraeger believes that the emancipation of women is greatly responsible for the increase. Also, he charges that people marry too young and throw themselves too much on buying everything on credit. Kraeger believes that the increase of criminality among youth is largely due to children of divorce couples not being properly cared for.

Improved Uniform International Sunday School Lesson

Lesson for March 20

THE CHRISTIAN'S HOPE

LESSON TEXT—John 14:1-11; II Cor. 5:1-10; I John 3:1-3.
PRIMARY TOPIC—Our Heavenly Home.
JUNIOR TOPIC—Christ Preparing a Home for Christians.
INTERMEDIATE AND SENIOR TOPIC—Our Heavenly Home.
YOUNG PEOPLE AND ADULT TOPIC—Beauty and Power of the Christian's Hope.

1. Assurance of a Heavenly Home (Jn. 14:1-3).
The announcement concerning the death of Christ, accompanied with the shaping of events which pointed to a speedy accomplishment of the same, shattered the disciples' hope. The Lord told them that He was going away and that they could not follow Him. This brought great grief to their hearts. They perhaps began to doubt His Messianicship, but He did not leave them comfortless.

2. He asked them to believe and trust in Himself as God (v. 1-3).
"Ye believe in God, believe also in me." Faith in the God-man, Christ Jesus, will steady the heart, no matter how great the sorrow or intense the grief. If we will but place the cares and burdens of life upon Him, our tears shall be turned into joy and our despondency transformed into a radiant hope.

3. He assured them that He was going to prepare a place for them in His Father's house (v. 2). He assured them that that place would have an abundance of room, for there were "many mansions" in His Father's house. We should learn from this that heaven is not an imaginary place. It is a prepared place for a prepared people.

4. He assured them that He would come again and escort them to heaven (v. 3).
Jesus will not wait for His own to come to Him, but will personally come back to the earth and call forth from the graves those who have died in the faith (I Thes. 4:16, 17), and transform living believers and take them all to be with Himself in the heavenly home for evermore. When He said, "I will come again," He no doubt meant His personal, bodily and literal return to this earth.

5. Assurance of the Resurrection of the Body (II Cor. 5:1-10). That which perplexed Paul for his somatic evap when physical death threatened was not the assurance that even such violence would not hasten his presence with the Lord. As he faced the uncertain future he was sure!

6. That his present body was only a tabernacle, a tent in which he lived temporarily (v. 1). Though this tent was destroyed he had nothing to fear, so there was a building to take its place. This house which it takes the place of the tent is:

- (1) From God.
- (2) Not made with hands.
- (3) Eternal.

7. Our natural body at best crumbles to dust in about three score and ten years, but the resurrection body shall abide forever.

8. He earnestly longed for the change (v. 2-4). The human personality instinctively shrinks from a state of disembodiment, but the intelligent Christian earnestly longs for the exchange of the natural body for the spiritual. We long to put off the perishable and take on the imperishable. This plan was wrought by God (v. 5).

9. God did not fashion the body for death, but for life. God is not the God of the dead but of the living.
10. Believers should be of good courage (v. 9-11).

11. While we live in this body we are absent from the Lord, but because of the Holy Spirit dwelling within us, we are not absent from the Lord, being made manifest to Him from the Lord's presence (v. 17).

12. The believer's chief concern in this life should be to please the Lord (v. 18, 19).

13. Nothing matters—health, sickness, strength, weakness, fame or obscurity, trials or tribulations, as long as we are at the journey we bear the Lord's "good news, good and faithful servant."

14. Assurance With the Lord (I Jn. 3:1-3).
15. Assurance of the resurrection (I Cor. 15:50-54).
16. Assurance of the eternal future (II Cor. 5:1-10).

Late News

(G. H. S. Dispatch)
Washington.—President Coolidge appeared at the Davis Cup drawings today with his right hand and wrist wrapped in bandages. He explained his wrist was sprained and weak and decided to have the bandages but on to protect it.
He could not account for how his wrist had been strained.

Detroit.—Harry Smith 25 of Fairmont West Va., was shot and killed today when he attempted to escape from an officer who was questioning him in connection with the \$1,492 robbery of the Remus state bank last Tuesday.

Mrs. Minnie Smith, his wife, a bride of four months, was detained following. She told police they had planned to return tomorrow to their home in Fairmont, where they were married.

Zanesville, Ohio.—The first heat prostration of the season in Ohio was recorded today, when Ralph Apron 32, collapsed while at his work in the Kearns-Greuch Co plant this morning. Physicians said that it was the earliest heat prostration case on record in Ohio. Apron was working in a warm room, it was said, but not near the furnaces of the Glass Factory. He was taken to a hospital for treatment.
The temperature ranged around 60 here this morning, with extremely high humidity, and indications of thunderstorms.

Federal Building, Detroit.—A golden dream of wealth and empire inspired Aron Sapiro, so-called "Wheat King" to seek control of American Agriculture through a nation-wide series of cooperative association, senior James A. Reed of Missouri, charged today in explaining Henry Ford's defense to the 50-60 jury of men and women in the million-dollar libel suit.
Stalking into the spotlight of interest at the trial, Reed donned the stranger mantle of protector to defend America's first billionaire. The fiery Missourian branded Sapiro as a greedy dreamer, who organized farmers into associations to their loss and his own profit.

London.—Lieutenant commander Collin Mayers, retired late commander of the submarine M-3 of England's super-submersibles, was arrested today and arraigned in Bow street charged with saving and retaining in his possession, contrary to duty, certain plans relating to submarines J-1 and O-1 two of the British mystery submarines.
Darkest mystery surrounded the arrest, except for the statement that it was made at the admiralty, and no details of the charges were made public.

Commander Mayers was remanded to jail until March 24. Bail was refused, the police stating that the case was one of "considerable gravity."

Columbus, O.—Application was filed today with state utilities commission by officials of the Cleveland railway company for authority to issue \$2,904,000 in additional capital stock, proceeds from the sale of which would be spent for additions, betterments and extensions authorized by the city of Cleveland.

The proposed stock issue would amount to 10 percent of the company's outstanding stock, it was stated.

A village is a place the banker seems embarrassed and apologetic when he says "No."

Religious Education Program 7:00.
 Our topic for Bible School "The Christian's Hope" Our Golden text is one which is ever bringing comfort and help to countless numbers of folks bearing the burden and shame of life.

This is found in John 14:2 "In my Father's house are many mansions. If it were not so, I would have told you; for I go to prepare a place for you."

The subject for morning sermon will be "Where and When He Leads." Our Chorus has arranged special music adopted to the season and its message in addition to these features we shall be favored with a duet by Norma Miller and Miss Lela Frances Shellabarger.

We are pleased to call attention to the great program which will be given at seven o'clock under the direction of Miss Mabel Swanson, the director of Religious Education in our Week Day Schools. This will be a Union service of all our churches.
 The people will recall the inspiring program of last year and may be assured of a rare treat in forthcoming program.

Mrs. Burton Advises Women on Motherhood and Companionship

"For several years I was denied the blessing of motherhood," writes Mrs. Margaret Burton of Kansas City. "I was terribly nervous and subject to periods of terrible suffering and melancholy. Now I am the proud mother of a beautiful little daughter and a true companion and inspiration to my husband. I believe hundreds of other women would like to know the secret of my happiness, and I will gladly reveal it to any married woman who will write me." Mrs. Burton offers her advice entirely without charge. She has nothing to sell. Letters should be addressed to Mrs. Margaret Burton, 8797 Massachusetts, Kansas City, Mo. Correspondence will be strictly confidential.—Adv.

Washington—Federal income tax collections for the year ending June 30 will amount to at least \$2,322,840,000 according to treasury estimate made today.

The gigantic return exceeds the record of all former years and surpasses the collections in the 1925-1926 year by close to \$340,000 not with standing a heavy tax cut.

The original treasury estimate for 1927 collections was \$2,190,000,000.

On the basis of the heavy revenue producing ability of the 1926 revenue act, the treasury now estimates the June 30, 1926 surplus at over \$435,000,000. Heretofore the estimate had been \$209,000,000.
