THIRD CARLOAD

A person who perhaps would not think of the Christmas season at this time of year, when Spring is just beginning to open its arms and people are being warned of the Easter basket over, may, if it were not for the trucks of the F. D. & M., Co., which have been busy loading the third carload of Christmas toys for this season.

The destination is for the Wor-
sworth Company and is being ship-
ped to their warehouse at St. Louis, from wheels distributors will be made to the stores of that large or-

LIBRARY FUND

At this time of the year homewives are beginning to clear out pieces of furniture, rugs, toys, etc., that are no longer needed. And there is an opportu-
nity to turn all that stuff into farm goods or into the library, where they are so badly needed.

Just bring any article you would like to donate for this purpose to the Boyer Shoe Store, Room, which Mr. Geo. Wert has so kindly donated for this purpose Saturday morning. Someone will be there to receive and tag the library fund. These articles are to be sold free of charge at the Community Sale, Saturday M. & F., and every penny will be put into the Library fund. Any *
thing will be accepted. Household articles, books, toys, etc., that a child or a baby would enjoy.

All of these things will be sold at the special price of 50 cents an item. This is an opportunity to dispose of items that are longer useful to you or to children who have outgrown them, give them a new and worthy use. Articles too heavy to carry will be collected. However deliver them as soon as you can so that they will be sold at the most profitable price. Everyone is interested in this project and if an item brings a donation that will make $60 come a dollar. A special collection can be made to aid the library, S., the name read Louis H. Fox, Mrs. Arthur Seg O, Mrs. Jo. "Vace or Mrs. W. H. Fett.

A football coach says the game is being made too complicated for the student mind. And here we thought the athletes made the best grade.

“The Greatest Tire in the World”

Recently Goodyear announced “The Greatest Tire in the World.” They said this new tire has an All-Weather Tread specially designed for balloon tires, that it does away with all existing ideas of how long a balloon should wear, that it gives better traction, more non-skid.

Now—we know something about tires. We tested this one, looked it over, cut one up, tried it for everything we could think of.

Take your word for it, it is the world’s greatest tire.

We have your size. Come in and see it. More people ride on Goodyear Tires than on any other kind.
